**RE: Closure of Business Division; the Fohquidill Instruments brand including the Construction, Repairs and Renovation Department (Unit 3)**

F.H.Lambert's division; the Fohquidill Instruments brand including the Construction, Repairs and Renovation Department with effect from **6<sup>th</sup> March 2017** will unfortunately be closing. This follows a strategic business review. The company will instead be focusing primarily on its metal plating, finishing and surface coating services in the aerospace, automotive and marine sectors.

The company will, however, continue to offer the metal plating service only, on most typical brass musical instruments. Please contact us if you feel unsure. Any brass musical instruments currently on our system to be processed will be completed and honoured by the company, however from the **6<sup>th</sup> March 2017** no further orders will be accepted.

I would, however, like to assure you that any guarantees or warranties that are in place in respect of products sold or work undertaken by the company's closing department will be honoured for their remaining duration.

If you require any assistance in finding another suitable supplier, please contact the **National Association of Musical Instrument Repairers** who can help locate an individual or company regionally for you; visit [www.namir.org.uk](http://www.namir.org.uk) for more information.

We at F.H.Lambert have gained a world-renowned reputation for our vast experience, metal plating and finishing knowledge, exceptional workmanship and distinguished service and support.

We would like to take this opportunity to thank you for your custom and support.

Yours Sincerely,
